## FULL CANAL TREATY.

New Agreement Between United States and Great Britain.

### NO OBJECTIONS NOW.

The Clayton-Bulwer Treaty Is Wiped Out of Existence and the United States Given All the Power They Have Asked For.

Washington, Dec. 6.—The new Hay-Pauncefote treaty providing for the construction of a canal across the Isthmus of Panama, is as follows:

The United States of America and his majesty, Edward VII. of the United Kingdom of Great Britain and Ireland, and of the British dominions beyond the seas, king and emperor of India, being desirous to facilitate the construction of a ship canal to connect the Atlantic and Pacific oceans, by whatever route may be considered expedient, and to that end to remove any objection which may arise out of the convention of the 19th of April, 1850, commonly called the Clayton-Bulwer treaty, to the construction of such canal under the auspices of the government of the United States without impairing the general principle of neutralization established in article 8 of that convention have for that purpose appointed as their plenipotentiaries:

The president of the United States, John Hay, secretary of state of the United States of America and his majesty Edward VII. of the United Kingdom of Great Britain and Ireland and of the British dominions beyond the seas, king and emperor of India, the Right Hon. Lord Pauncefote, G. C. B., G. C. M. G., his majesty's ambassador extraordinary and plenipotentiary to the United States, who having communicated to each other their full powers which were found to be in due and proper form have agreed upon the following articles:

Article 1. The high contracting parties agree that the present treaty shall supersede the before mentioned convention of the 19th April, 1850.

Art. 2. It is agreed that the canal may be constructed under the auspices of the government of the United States, either directly at its own cost or by gift or loan of money to individuals or corporations, or through subscription to, or purchase of stock or shares, and that subject to the provisions of the present treaty, the said government shall have and enjoy all the rights incident to such construction, as well as the exclusive right of providing for the regulation and management of the canal.

Art. 3. The United States adopts as the basis of the neutralization of such ship canal the following rules, substantially as embodied in the convention of Constantinople, signed the 28th of October, 1888, for the free navigation of the Suez canal, that is to say:

First—The canal shall be free and open to the vessels of commerce and of war of all nations observing these rules, on terms of entire equality, so that there shall be no discrimination against such nation or its citizens or subjects, in respect of the conditions or charges of traffic, or otherwise. Such conditions and charges of traffic shall be just and equitable.

Second—The canal shall never be blockaded, nor shall any right of way be exercised, nor any act of hostility be committed within it. The United States, however, shall be at liberty to maintain such military police along the canal as may be necessary to protect it against lawlessness and disorder.

Third—Vessels of war of belligerents shall not revictual, nor take any stores in the canal except so far as may be strictly necessary, and the transit of such vessels through the canal shall be effected with the least possible delay in accordance with the regulations in force, and with only such intermission as may result from the necessities of the service. Prices shall be, in all respects, subject to the same rules as vessels of war of the belligerents.

Fourth—No belligerent shall embark or disembark troops, munitions of war or warlike materials in the canal except in case of accidental hindrance of the transit, and in such case the transit shall be resumed with all possible dispatch.

Fifth—The provisions of this article shall apply to the waters adjacent to the canal within three marine miles of each end. Vessels of war of a belligerent shall not remain in such waters longer than twenty-four hours at any one time except in case of distress, and in such case shall depart as soon as possible; but a vessel of war of one belligerent shall not depart within twenty-four hours from the departure of a vessel of war of the other belligerent.

Sixth—The plant, establishments, buildings and all works necessary to the construction, maintenance and operation of the canal shall be deemed to be parts thereof for the purpose of

this treaty, and in time of war, as in time of peace, shall enjoy complete immunity from attack or injury by belligerents, and from acts calculated to impair their usefulness as part of the canal.

Art. 4. It is agreed that no change of territorial sovereignty or of international relations of the country or countries traversed by the before-mentioned canal shall affect the general principle of neutralization or the obligation of the high contracting parties under the present treaty.

Art. 5. The present treaty shall be ratified by the president of the United States, by and with the advice and consent of the senate thereof, and by his British majesty, and the ratifications shall be exchanged at Washington or London at the earliest possible time within six months from the date hereof.

In faith whereof the respective plenipotentiaries have signed this treaty and hereunto affix their seals.

Done in duplicate at Washington, the 18th day of November, in the year of our Lord one thousand nine hundred and one.

### SCHLEY REPORTED TO HAVE BEEN CONVICTED.

It Is Said the Court Found Him at Fault upon Five Counts by the Inquiry at Washington.

New York, Dec. 6.—A special to The Press from Washington says:

Rear Admiral Schley has been found at fault on five counts by the court of inquiry. This comes from a person who is in a position to learn the opinion of the three admirals who formed the court, on the different specifications of the court. It is said that the court finds against Schley:

1. For the delay of the flying squadron off Cienfuegos.
2. For misrepresentation of the reasons for returning to Key West to coal.
3. For disobedience of orders in making the retrograde movement.
4. For failure to destroy the Colon.
5. For conduct unbecoming an officer and gentleman in the Schley-Hodgson controversy.

It was impossible for the Associated Press to confirm the report of the Press statements in regard to the findings of the Schley court late Thursday night.

### WACO HEADQUARTERS.

Masons of Texas Locate the Grand Lodge in That City.

Houston, Tex., Dec. 6.—The grand lodge of Masons of Texas Thursday decided that the headquarters of the Masonic fraternity of Texas shall be located at Waco. Only four ballots were necessary to make the decision. On the first the vote showed Waco, Fort Worth, Houston, Dallas and Austin in the order named. The latter two were dropped during the course of the next two ballots and the final ballot showed Waco leading with votes to spare.

The Masons and people of Houston have nothing with which to reproach themselves. Removal has been the cry for years, and if Holland lodge had not had a rope tied to the ground on which the temple is situated the headquarters of the Masonic fraternity would have been taken to Fort Worth some years ago. The claim of Holland lodge had been disposed of; it was only a matter of time. Waco gives a valuable consideration for the location of the grand lodge, but no more valuable than that which Holland lodge and Houston gave half a century ago.

The grand lodge did little else of importance Thursday. The question of removal was the great matter and that was quickly disposed of, once it was taken up. Committee reports occupied the rest of the time.

The grand chapter wound up its business and adjourned after installing officers. It will meet with the grand lodge at Waco next year.

### More Trouble for Breweries.

Austin, Tex., Dec. 6.—The suit instituted at Galveston by Frank Mason, a saloon man, to recover \$12,500 paid for beer to the Galveston brewery, has created a small-sized sensation in this city. The recovery is based on a provision of the anti-trust law, which was unknown and unnoticed, but which is now being discussed by saloon men in every part of Texas.

Section 12 of the anti-trust law is the provision relied on, a paragraph of which reads:

"And provided further, that where any money or other thing of value is paid to such individual, company or corporation so unlawfully transacting business, its agent, representative, solicitor or canvasser, the person so paying the same may recover back the amount of money or the value of the thing so paid."

### Does a Cannery Pay?

People who have never lived in or near a small town with a cannery cannot correctly comprehend or appreciate the importance of a well regulated cannery as to what it may do for the town and the surrounding country, to the farmer, the laborer, the merchant, the gardener, the real estate owner and the banker. It will prove a continual source of profit each year. A successful cannery will double the value of real estate in both the town and country in a few years. It will increase the sale of all kinds of goods—groceries, hardware, farming implements, etc. It will put a large amount of money in circulation in the neighborhood and distribute it just where it is most needed, and give the laborer and his family a chance to earn a considerable sum of money at a time of year when many are usually idle.

To the farmer it will diversify crops and give larger returns on small tracts of land, and will insure and promote better cultivation, for it is useless for anyone to try to raise sweet corn, tomatoes, beans without thorough and practical cultivation.

The writer has raised as much as twelve tons of tomatoes to the acre, and delivered them to a cannery at \$6 per ton, making \$72 per acre.

A cannery properly operated in a good locality during favorable years will pay to the stockholders 50 per cent on the amount of money invested and will greatly increase the business of the local bank. The greater the number of people interested as stockholders and growers the greater the success will be.—Bells News.

### IN HONOR OF MRS. TABOR.

Thursday afternoon, from 3 to 6 o'clock, Mrs. M. W. Sims entertained the ladies of the Mutual Improvement Circle in honor of Mrs. Geo. R. Tabor on the eve of her departure for Austin. The function was one of the most pleasant in the history of the club, and the guest of honor received evidences of the regard of her club friends which will be long cherished in her memory. A beautiful painting, by Miss Hutson, was presented to Mrs. Tabor by Mrs. L. L. McInnis in behalf of the ladies of the club. Mrs. W. S. Howell also presented to her a bouquet of American beauty roses, the presentation being made in the form of an original poem. Col. J. G. Harrison, of College, who enjoys the distinction of being the only gentleman ever admitted to an afternoon meeting of the club, got in through some sort of special dispensation, and read a humorous sketch "taking off" the women's clubs, that was received with applause. A delightful luncheon was served.

A man cannot get something for nothing, unless he steals it; and even then when the account is balanced, he will usually have less than he had before he got it. Something for nothing is not the way business is transacted. It is more often nothing, or its equivalent, for something. Articles that give the greatest satisfaction are those for which a fair equivalent has been paid. "Snaps" are a popular bait for "suckers;" other and better fish rarely bite at such bait. There is no robbery in a fair exchange, and no real profit in an unfair one. Your money's worth, and the value of the goods, should be the mottoes of buyer and seller.—Farm and Ranch.

Mrs. W. A. Banks and Mrs. J. W. Doremus attended the annual convention of the Texas division, United Daughters of the Confederacy, just held in San Antonio, as delegates from L. S. Ross chapter, U. D. C., of Bryan, and Mrs. Banks was elected third vice-president. Miss Adelia Dunovant, of Houston, was elected president.

## FAVOR OF THE TREATY

Senate Foreign Relations Committee  
Vote to Accept.

### COMMITTEES NAMED.

Speaker Henderson Reports the Selection of Those of the Ways and Means, Appropriations and Enrolled Bills of House.

Washington, Dec. 6.—The senate committee on foreign relations has voted to report favorably the new Hay-Pauncefote treaty providing for the construction of the isthmian canal.

House Committees Announced.  
Washington, Dec. 6.—Speaker Henderson announced the appointment of the following committees:

Ways and Means.—Payne of New York, Dalzell of Pennsylvania, Hopkins of Illinois, Grosvenor of Ohio, Russell of Connecticut, Steele of Indiana, Tawney of Minnesota, McCall of Massachusetts, Lon of Kansas, Babcock of Wisconsin, Metcalf of California, all Republicans; Richardson of Tennessee, Robertson of Louisiana, Swanson of Virginia, McLellan of New York, Newlands of Nevada, Cooper of Texas, Democrats.

Appropriations.—Cannon of Illinois, Bingham of Pennsylvania, Hemenway of Indiana, Barney of Wisconsin, Moody of Massachusetts, Van Voorhis of Ohio, McCleary of Minnesota, Littauer of New York, Brownlow of Tennessee, Garner of Michigan, Burkett of Nebraska, Republicans; Livingston of Georgia, McRae of Arkansas, Belle of Colorado, Pierce of Tennessee, Benton of Missouri and Taylor of Alabama, Democrats.

Enrolled bills.—Wachter of Maryland, Ball of Delaware, Burke of Pennsylvania, Gurner of New Hampshire, Republicans; Lloyd of Missouri and Edwards of Montana, Democrats. Then at 12:06 the house adjourned until Tuesday.

### Colonel Meade Acquitted.

Washington, Dec. 6.—It is announced at the navy department that the court-martial finding in the case of Col. Robert L. Meade of the marine corps, tried on charge of drunkenness, resulted in acquittal and he had been restored to duty at the Brooklyn navy yard.

### Bequest Not Valid.

Dayton, O., Dec. 6.—A peculiar condition developed here when in the probate court the will of the late Levi Zehring, a wealthy farmer, was probated. Mr. Zehring had bequeathed \$15,000 to the Radical Constitution United Brethren church, of Germantown, O., to be used to promote foreign missions. The will was made three days prior to death, and the instrument is invalid, as bequests of this nature must be made in this state a year prior to the testator's death. The relatives and members of his family will now get the money intended for the churches.

### Wagon Load of Silver.

Austin, Dec. 6.—The state treasury department received \$50,000 in silver coin from the Austin banks, the result of the settlement of the brewery cases. The load was so heavy that it required a farmer's wagon with two mules to haul the silver through the capital yard to the treasury department.

The railroad commission has approved the contract between the Katy and the Denison, Bonham and New Orleans railroad, made April 9, 1901, which proves that the Katy leases from the other road its tracks for an indefinite period from Denison to Bonham.

### Clamor for Their Pay.

Constantinople, Dec. 6.—The garrison at Mecca, which has not been paid for a long while, has mutinied. As a result money to pay the troops there was sent from Constantinople on Wednesday. Hundreds of Turkish women pensioners gathered on Wednesday in the precincts of the porte, weeping, shrieking and demanding their pay. The grand visier dispersed them by telling them they would forfeit their pensions if they did not cease their clamor.

### Did Not Get Sympathy.

Toledo, O., Dec. 6.—Mrs. Jessie Cole tried to gain the sympathy of Police Judge Wachenheimer in court here by putting her hands over her face and bee-hoing loudly. It happened that the judge could see the woman's eyes twinkling between the spaces of her fingers, and when her hands were ordered down it was found that she was enjoying a hearty laugh all to herself. The woman looked serious when she was fined \$25 and costs for her crocodile tears.

### Arrested While at Prayer.

Chicago, Dec. 6.—While on his knees in fervent prayer in front of the altar in the Institutional church, George Saffridge was seized by two detectives who took him to a cell on a charge of highway robbery preferred by Mrs. E. M. Campbell. When taken from the edifice and searched the officers found Mrs. Campbell's pocketbook and money.

### Centenary Institute Dedicated.

New York, Dec. 6.—The dedication of the Centenary Collegiate Institute has occurred at Rackettstown, N. J. The buildings dedicated replace the one destroyed by fire Oct. 31, 1900. The structures number three, and the total cost was nearly \$210,000, all of which has been raised since the destruction of the old building.

### Does a Cannery Pay?

People who have never lived in or near a small town with a cannery cannot correctly comprehend or appreciate the importance of a well regulated cannery as to what it may do for the town and the surrounding country, to the farmer, the laborer, the merchant, the gardener, the real estate owner and the banker. It will prove a continual source of profit each year. A successful cannery will double the value of real estate in both the town and country in a few years. It will increase the sale of all kinds of goods—groceries, hardware, farming implements, etc. It will put a large amount of money in circulation in the neighborhood and distribute it just where it is most needed, and give the laborer and his family a chance to earn a considerable sum of money at a time of year when many are usually idle.

To the farmer it will diversify crops and give larger returns on small tracts of land, and will insure and promote better cultivation, for it is useless for anyone to try to raise sweet corn, tomatoes, beans without thorough and practical cultivation.

The writer has raised as much as twelve tons of tomatoes to the acre, and delivered them to a cannery at \$6 per ton, making \$72 per acre.

A cannery properly operated in a good locality during favorable years will pay to the stockholders 50 per cent on the amount of money invested and will greatly increase the business of the local bank. The greater the number of people interested as stockholders and growers the greater the success will be.—Bells News.

### IN HONOR OF MRS. TABOR.

Thursday afternoon, from 3 to 6 o'clock, Mrs. M. W. Sims entertained the ladies of the Mutual Improvement Circle in honor of Mrs. Geo. R. Tabor on the eve of her departure for Austin. The function was one of the most pleasant in the history of the club, and the guest of honor received evidences of the regard of her club friends which will be long cherished in her memory. A beautiful painting, by Miss Hutson, was presented to Mrs. Tabor by Mrs. L. L. McInnis in behalf of the ladies of the club. Mrs. W. S. Howell also presented to her a bouquet of American beauty roses, the presentation being made in the form of an original poem. Col. J. G. Harrison, of College, who enjoys the distinction of being the only gentleman ever admitted to an afternoon meeting of the club, got in through some sort of special dispensation, and read a humorous sketch "taking off" the women's clubs, that was received with applause. A delightful luncheon was served.

A man cannot get something for nothing, unless he steals it; and even then when the account is balanced, he will usually have less than he had before he got it. Something for nothing is not the way business is transacted. It is more often nothing, or its equivalent, for something. Articles that give the greatest satisfaction are those for which a fair equivalent has been paid. "Snaps" are a popular bait for "suckers;" other and better fish rarely bite at such bait. There is no robbery in a fair exchange, and no real profit in an unfair one. Your money's worth, and the value of the goods, should be the mottoes of buyer and seller.—Farm and Ranch.

Mrs. W. A. Banks and Mrs. J. W. Doremus attended the annual convention of the Texas division, United Daughters of the Confederacy, just held in San Antonio, as delegates from L. S. Ross chapter, U. D. C., of Bryan, and Mrs. Banks was elected third vice-president. Miss Adelia Dunovant, of Houston, was elected president.

The Tooth should have constant attention to counteract the ill effects of prepared foods. Tartar concretion on the teeth forms lactic acid which eventually corrodes the enamel of the tooth, producing cavities.

## FAVOR OF THE TREATY

Senate Foreign Relations Committee Vote to Accept.

### COMMITTEES NAMED.

Speaker Henderson Reports the Selection of Those of the Ways and Means, Appropriations and Enrolled Bills of House.

Washington, Dec. 6.—The senate committee on foreign relations has voted to report favorably the new Hay-Pauncefote treaty providing for the construction of the isthmian canal.

House Committees Announced. Washington, Dec. 6.—Speaker Henderson announced the appointment of the following committees:

Ways and Means.—Payne of New York, Dalzell of Pennsylvania, Hopkins of Illinois, Grosvenor of Ohio, Russell of Connecticut, Steele of Indiana, Tawney of Minnesota, McCall of Massachusetts, Lon of Kansas, Babcock of Wisconsin, Metcalf of California, all Republicans; Richardson of Tennessee, Robertson of Louisiana, Swanson of Virginia, McLellan of New York, Newlands of Nevada, Cooper of Texas, Democrats.

Appropriations.—Cannon of Illinois, Bingham of Pennsylvania, Hemenway of Indiana, Barney of Wisconsin, Moody of Massachusetts, Van Voorhis of Ohio, McCleary of Minnesota, Littauer of New York, Brownlow of Tennessee, Garner of Michigan, Burkett of Nebraska, Republicans; Livingston of Georgia, McRae of Arkansas, Belle of Colorado, Pierce of Tennessee, Benton of Missouri and Taylor of Alabama, Democrats.

Enrolled bills.—Wachter of Maryland, Ball of Delaware, Burke of Pennsylvania, Gurner of New Hampshire, Republicans; Lloyd of Missouri and Edwards of Montana, Democrats. Then at 12:06 the house adjourned until Tuesday.

### Colonel Meade Acquitted.

Washington, Dec. 6.—It is announced at the navy department that the court-martial finding in the case of Col. Robert L. Meade of the marine corps, tried on charge of drunkenness, resulted in acquittal and he had been restored to duty at the Brooklyn navy yard.

### Request Not Valid.

Dayton, O., Dec. 6.—A peculiar condition developed here when in the probate court the will of the late Levi Zehring, a wealthy farmer, was probated. Mr. Zehring had bequeathed \$15,000 to the Radical Constitution United Brethren church, of Germantown, O., to be used to promote foreign missions. The will was made three days prior to death, and the instrument is invalid, as bequests of this nature must be made in this state a year prior to the testator's death. The relatives and members of his family will now get the money intended for the churches.

### Wagon Load of Silver.

Austin, Dec. 6.—The state treasury department received \$50,000 in silver coin from the Austin banks, the result of the settlement of the brewery cases. The load was so heavy that it required a farmer's wagon with two mules to haul the silver through the capital yard to the treasury department.

The railroad commission has approved the contract between the Katy and the Denison, Bonham and New Orleans railroad, made April 9, 1901, which proves that the Katy leases from the other road its tracks for an indefinite period from Denison to Bonham.

### Clamoring for Their Pay.

Constantinople, Dec. 6.—The garrison at Mecca, which has not been paid for a long while, has mutinied. As a result money to pay the troops there was sent from Constantinople on Wednesday. Hundreds of Turkish women pensioners gathered on Wednesday in the precincts of the porte, weeping, shrieking and demanding their pay. The grand visier dispersed them by telling them they would forfeit their pensions if they did not cease their clamor.

### Did Not Get Sympathy.

Toledo, O., Dec. 6.—Mrs. Jessie Cole tried to gain the sympathy of Police Judge Wachenheimer in court here by putting her hands over her face and weeping loudly. It happened that the judge could see the woman's eyes twinkling between the spaces of her fingers, and when her hands were ordered down it was found that she was enjoying a hearty laugh all to herself. M. Campbell. When taken from the edifice and searched the officers found Mrs. Campbell's pocketbook and money.

### Centenary Institute Dedicated.

New York, Dec. 6.—The dedication of the Centenary Collegiate Institute has occurred at Racketstown, N. J. The buildings dedicated replace the one destroyed by fire Oct. 31, 1900. The structures number three, and the total cost was nearly \$210,000, all of which has been raised since the destruction of the old building.

### CATTLEMEN'S CONVENTION

Old Officers of the National Live Stock Association Re-Elected.

Chicago, Dec. 6.—The last session of the fifth annual convention of the National Live Stock association was held today. The attendance was better than for any previous day of the meeting owing to the fact that the place for the next convention was to be selected. Pittsburg, Portland, Ore., Denver and Kansas City were among the candidates for entertaining cattlemen next year. The new executive committee reported the renomination of old officers, as follows:

President, John W. Springer; vice president, F. J. Hagerbarth; second vice president, John W. Holt; secretary, C. F. Martin; treasurer, George W. Goulding.

Resolutions were adopted as follows: That the association give all possible aid to the agricultural colleges.

Endorsing the president's recommendation that forest reserves be transferred from the interior department to the department of agriculture.

That there should be no livestock inspection by the states on interstate shipments after the United States government inspection.

That goat raisers be protected against Chinese goat skins.

That the association recognize the fight of Ed. Reed, of Colorado, against interstate inspection by making him an honorary member.

The report of the committee on nominations was unanimously adopted, thus providing that organization with the services of its old officers for another year.

### After Submarine Torpedo Boats.

New York, Dec. 6.—Three more Holland submarine torpedo boats may be sold. Captain V. E. Geelmyrden, of the Royal Norwegian navy, has been sent by his government to buy, if possible, that many destroyers. Captain Geelmyrden has just had a conference with Vice President Frost of the Holland Torpedo Boat company regarding the matter. Two of the boats already have been sold to Japan and several to Russia. A test will be made for Captain Geelmyrden. The test will consist of diving and running the boat three miles at a depth of 15 feet.

### American Federation of Labor.

Scranton, Pa., Dec. 6.—The first hour of the second day's session of American Federation of Labor was taken up by calling of the roll and the reception of large number of resolutions. The resolutions were not read, but sent to the appropriate committees. In the temporary absence of President Gompers, First Vice President Duncan of Boston presided. There are several contests over the seating of delegates yet undecided. Credentials committee is trying to arrange all disputes amicably so as to avoid any friction in the convention.

### Wants to Witness Ceremonies.

London, Dec. 6.—Frank Dymonke, hereditary champion of England, London demanded the restoration of baronetcy before the court of claims, instituted to settle the right of presence at the coronation of King Edward VII. The court held it had no jurisdiction in the question. Dymonke claims the right to appear as champion at the ceremony. If upheld he will be a unique figure clad in full armor in style of the reign of Richard III. The title has been held by Dymonke since the reign of that monarch.

### Catholic Ceremonies Restored.

Paris, Dec. 6.—Eight thousand persons have petitioned the chamber of deputies against the order of the minister of marines, abolishing the good Friday ceremonies in the navy. The committee on petitions of the chamber recommends the minister to accede to the petition, on the ground that three-fourths of the French sailors are Bretons and fervent Catholics.

### Prince and Princess of Wales.

London, Dec. 6.—The recent visit of the prince and princess of Wales to the city evoked demonstrations of loyalty worthy of the best traditions of the capital of the British empire. It was the first royal visit to the city since the ascension of the king and the citizens rose to the height of such a unique occasion.

### Fire in Liverpool Exchange.

Liverpool, Dec. 6.—The fire in the Liverpool Exchange buildings, which broke out as the result of an explosion, was subdued after two and a half hour's work by the firemen. The chamber of commerce offices and the exchange news room were chiefly affected. The damage is considerable.

### Philippine Tobacco Combine.

London, Dec. 6.—Editor of Financier reasserted the correctness of the report regarding the organization of a combination of tobacco growers in the Philippine islands, adding he was sure the project would go through and that he had positive information the Rothschilds were interested in it.

### Contraband Cigars Seized.

Nogales, Ariz., Dec. 6.—Customs officials here seized a car of the Southern Pacific Railroad company and placed Paymaster Robinson and three others under arrest on charge of having several thousand contraband Mexican cigars in their possession. All were released on bail.

### Georgia Bank Robbed.

Atlanta, Dec. 6.—The Douglasville, Ga., bank was robbed of \$2500, the robbers escaping on a stolen handcar.

### Sanctioned Gold Standard.

Lima, Peru, Dec. 6.—The chamber of deputies has sanctioned the gold standard law which has already passed the senate.

## CATTLEMEN'S CONVENTION

Did Officers of the National Live Stock Association Re-Elected.

Chicago, Dec. 6.—The last session of the fifth annual convention of the National Live Stock association was held today. The attendance was better than for any previous day of the meeting owing to the fact that the place for the next convention was to be selected. Pittsburg, Portland, Ore., Denver and Kansas City were among the candidates for entertaining cattlemen next year. The new executive committee reported the renomination of old officers, as follows:

President, John W. Springer; vice president, F. J. Hagerbarth; second vice president, John W. Holt; secretary, C. F. Martin; treasurer, George W. Goulding.

Resolutions were adopted as follows: That the association give all possible aid to the agricultural colleges.

Endorsing the president's recommendation that forest reserves be transferred from the interior department to the department of agriculture.

That there should be no livestock inspection by the states on interstate shipments after the United States government inspection.

That goat raisers be protected against Chinese goat skins.

That the association recognize the fight of Ed. Reed, of Colorado, against interstate inspection by making him an honorary member.

The report of the committee on nominations was unanimously adopted, thus providing that organization with the services of its old officers for another year.

Passenger Trains on Iron Mountain  
Collide Near Malvern

**THREE PEOPLE DEAD**

There Were Thirty-Eight Injured, Some  
Being Fatally Hurt—Mistake as  
to Where the Trains Meet  
Caused the Accident.

Malvern, Ark., Dec. 6.—Three per-  
sons killed and 38 injured, some seri-  
ously, is the result of a head-end col-  
lision between two passenger trains on  
the St. Louis, Iron Mountain and  
Southern railroad one and a half miles  
south of here late Thursday evening.  
The two trains were No. 3, known as  
the St. Louis Fast Mail, southbound,  
and No. 14, known as the Little Rock  
and Eldorado Passenger, northbound.

Jerry Dickson, a negro of Saginaw,  
Ark., an unknown negro man and an  
unknown negro woman were killed.

The injured whites are as follows:  
Frank M. Henry of Malvern; inter-  
nal injuries; serious.

Judge J. B. Moore, Arkadelphia,  
Ark.; head cut, badly injured in back  
and hip.

S. T. Roberts, Little Rock; right arm  
broken, head cut, leg sprained; seri-  
ous.

Charles Kaufman, Little Rock; cut  
about face; not serious.

W. T. York, Oklahoma City; face cut,  
injured in back.

A. L. Herrick, Little Rock; slightly  
injured.

William Fried, St. Louis; face and  
breast cut; not serious.

Of the negroes injured only five are  
seriously hurt, but many will be  
maimed. Several lost an arm or a leg  
and in many instances both of these  
members were broken.

Train No. 3 was to meet No. 14 at  
Malvern, but the latter train was late  
and No. 3 moved ahead expecting to  
meet the other train at the next sta-  
tion. A mile and a half south of Mar-  
vern the two trains met in a terrific  
collision. Engineer Robert Heriot of  
No. 14 jumped in time to save his life,  
while Engineer M. Campbell of No. 3  
did likewise. The two engines were  
wrecked and the colored coach next to  
the baggage car on the southbound  
train was badly smashed. It was  
crowded with negro emigrants en route  
from North Carolina, Georgia and Ala-  
bama to Texas.

The smoking car of the northbound  
train was badly damaged and most of  
its occupants were injured, but the  
coaches on this train did not suffer.  
The dead and injured were brought  
here as soon as possible and physi-  
cians are attending to the injured.

**Jury Could Not Agree.**

New York, Dec. 6.—Herman Treetz,  
19 years old, who has been on trial at  
Richmond, on an indictment charging  
him with manslaughter in that he is  
responsible for and aided in the death  
of Ida Depuy, 16 years of age, his  
sweetheart, is again out on bail. The  
jury disagreed and was discharged. It  
is not likely he will be tried again.  
Treetz declares the girl accidentally  
shot herself.

**General James Smith Dead.**

Jacksa, Miss., Dec. 6.—Brigadier-  
General James Argyle Smith, marshal  
of the supreme court of Mississippi,  
and former state superintendent of  
public education, died here of pneumo-  
nia.

**Two Trainmen Killed.**

Wagoner, I. T., Dec. 6.—A switch  
engine on the St. Louis, Iron Mountain  
and Southern railroad left the rails at  
Ross switch near here. Engineer J.

**EPISCOPAL NEW BIBLE.**

The Committee on Compilation Has Al-  
most Completed its Work.

New York, Dec. 6.—A new Bible au-  
thorized by the late general conven-  
tion in San Francisco to be read in all  
Episcopal churches in the United  
States, has been in process of comple-  
tion by the committee on marginal  
readings, which has been in session  
at the Episcopal general seminary in  
this city since last Tuesday and will  
conclude its work in a day or so.

It is stated that an English firm has  
promised to undertake the publication  
of this Bible without expense to the  
committee. This new Bible is to con-  
sist of the text and renderings of King  
James' version, the rendering of the  
English revision, and the renderings  
of the recent American revision. The  
renderings of the Episcopal committee  
are ordered to be printed in an ap-  
pendix for preservation.

The late convention, while it raised  
the scholarship of its own commission  
did not place their work upon the same  
level as that of revisers, who had in-  
cluded lay scholars and who had spent  
many more years at the work, besides  
being far larger in numbers.

The new Bible insures the very lat-  
est renderings, although the reading of  
them is permissive only, not obligato-  
ry.

**REBELS HELPING BOERS.**

Their Loyalty Kept the Boers from Mak-  
ing Peace With British.

Pietermaritzburg, Natal, Dec. 6.—  
The Boer generals would probably  
have thrown up the sponge long ago,  
but for the loyalty of the Cape rebels  
to the Boer cause.

The bulk of the enemy in Cape Col-  
ony consists of rebels. For the Boers  
to surrender without protecting the  
rebels would be regarded as the height  
of contemptible meanness by all Afri-  
kanders and Boer sympathizers, and  
would have produced such a revulsion  
of feeling on the part of the colonial  
rebels against the republicans as would  
best safeguard against any future ris-  
ing of the Dutch colonists.

The truth is that neither side can  
accept peace on any terms the other  
can grant, and therefore, there is noth-  
ing left but to rely on the effects of at-  
trition.

**People of Texas Thanked.**

New York, Dec. 6.—The chamber of  
commerce of New York adopted reso-  
lutions thanking the committee which  
visited Texas with a view of establish-  
ing closer business relations between  
that state and New York, and thank-  
ing Governor Sayers and the people of  
Texas for their courteous and hospita-  
ble reception to the committee while  
it was in Texas.

**Killed in a Runaway.**

Ardmore, I. T., Dec. 6.—Ed Adair, a  
prominent citizen of the Cherokee na-  
tion, was thrown from a wagon by a  
runaway team and killed near Adair,  
I. T. The neck of Adair was broken,  
and life was extinct when he was  
picked up by some of his neighbors.

**Cotton Picking Machine.**

Austin, Dec. 6.—P. P. Haring of Go-  
liad was here Thursday and secured  
a charter for his cotton picking ma-  
chine. He says after 12 years, and at  
a cost of \$30,000 he has perfected a  
machine which will pick as much cot-  
ton as 10 to 12 men.

**Hanged With a Stocking.**

Columbus, O., Dec. 6.—Mrs. Sophia  
Koehler, aged 38, committed suicide at  
the county infirmary by hanging with  
her stocking.

**NEWS IN BRIEF.**

Secretary Root has instructed the  
army post board to grant no public  
hearings.

Nels Benson, of Dix township, Ill.,  
was killed by falling from a wind-  
mill.

Frank Collier, of Winchester, Ind.,  
accidentally shot and killed himself  
while coon hunting.

Allen Nance accidentally shot and  
killed his brother Blaine near Cowden,  
Ill.

Mart Gregory, a 17-year-old son of  
Rev. T. W. Gregory, was killed by an  
Illinois Central train at Gilbertsville,  
Ky.

The business men of Little Rock,  
Ark., have taken the initial step to-  
ward raising a fund of \$50,000 for a Y.  
M. C. A. building.

Jack Johnson, ex-prize fighter, who  
kept a restaurant at Paducah, Ky.,  
was stabbed and killed by William  
Hamilton, a river fireman.

John M. Hewitt was found guilty of  
killing James Anderson and given an  
indeterminate sentence of two to  
twenty years, at South Bend, Ind.

John R. Braidwood, superintendent  
of the Kansas and Texas mines in  
Cherokee and Crawford counties, was  
killed at Weir City, Kan., in a run-  
away.

Two children, aged 9 and 11, be-  
longing to W. Barton, of Shelbyville,  
swallowed two grains of corrosive  
sublimite while the mother was at a  
neighbor's house. Both will die.

In the circuit court at Huntsville,  
Ala., the judge refused to take action  
in the suit brought by A. W. Mosely,  
asking to be reinstated in the Chris-  
tian church, from which he had been  
expelled.

The mother of Samuel Fish, a boy of  
10 years, appeared in the criminal court  
at St. Joseph, Mo., and asked the judge  
to sentence her son to the reform  
school on the ground that he is a con-  
firmed drunkard.

William Schaeffer, a wealthy and  
influential citizen of Woodbury, Ill.,  
was adjudged insane. As Sheriff Wise-  
ly was taking him to Kankakee he  
raised the car window and jumped out,  
being instantly killed.

Jewels, candy, flowers, man—that

Even that greatest of all jewels,  
health, is often ruined in the  
strenuous efforts to make or save the  
money to purchase them. If a wo-  
man will risk her health to get a  
coveted gem, then let her fortify  
herself against the insidious conse-  
quences of coughs, colds and bron-  
chial affections by the regular use of  
Dr. Boschee's German Syrup. It  
will promptly arrest consumption in  
its early stages and heal the affected  
lungs and bronchial tubes and drive  
the dread disease from the system.  
It is not a cure-all, but it is a cer-  
tain cure for coughs, colds and all  
bronchial troubles. You can get all

Passenger Trains on Iron Mountain  
Collide Near Malvern

**THREE PEOPLE DEAD**

There Were Thirty-Eight Injured, Some  
Being Fatally Hurt—Mistake as  
to Where the Trains Meet  
Caused the Accident.

Malvern, Ark., Dec. 6.—Three per-  
sons killed and 38 injured, some seri-  
ously, is the result of a head-end col-  
lision between two passenger trains on  
the St. Louis, Iron Mountain and  
Southern railroad one and a half miles  
south of here late Thursday evening.  
The two trains were No. 3, known as  
the St. Louis Fast Mail, southbound,  
and No. 14, known as the Little Rock  
and Eldorado Passenger, northbound.

Jerry Dickson, a negro of Saginaw,  
Ark., an unknown negro man and an  
unknown negro woman were killed.

The injured whites are as follows:  
Frank M. Henry of Malvern; inter-  
nal injuries; serious.

Judge J. B. Moore, Arkadelphia,  
Ark.; head cut, badly injured in back  
and hip.

S. T. Roberts, Little Rock; right arm  
broken, head cut, leg sprained; seri-  
ous.

Charles Kaufman, Little Rock; cut  
about face; not serious.

W. T. York, Oklahoma City; face cut,  
injured in back.

A. L. Herrick, Little Rock; slightly  
injured.

William Fried, St. Louis; face and  
breast cut; not serious.

Of the negroes injured only five are  
seriously hurt, but many will be  
maimed. Several lost an arm or a leg  
and in many instances both of these  
members were broken.

Train No. 3 was to meet No. 14 at  
Malvern, but the latter train was late  
and No. 3 moved ahead expecting to  
meet the other train at the next sta-  
tion. A mile and a half south of Mar-  
vern the two trains met in a terrific  
collision. Engineer Robert Heriot of  
No. 14 jumped in time to save his life,  
while Engineer M. Campbell of No. 3  
did likewise. The two engines were  
wrecked and the colored coach next to  
the baggage car on the southbound  
train was badly smashed. It was  
crowded with negro emigrants en route  
from North Carolina, Georgia and Ala-  
bama to Texas.

The smoking car of the northbound  
train was badly damaged and most of  
its occupants were injured, but the  
coaches on this train did not suffer.

The dead and injured were brought  
here as soon as possible and physi-  
cians are attending to the injured.

**Jury Could Not Agree.**

New York, Dec. 6.—Herman Treetz,  
19 years old, who has been on trial at  
Richmond, on an indictment charging  
him with manslaughter in that he is  
responsible for and aided in the death  
of Ida Depuy, 16 years of age, his  
sweetheart, is again out on bail. The  
jury disagreed and was discharged. It  
is not likely he will be tried again.  
Treetz declares the girl accidentally  
shot herself.

**General James Smith Dead.**
